1. Three artillery bunkers are currently being constructed on the small cape which is located on the left side of the bay of Bar. The bunkers will be situated at a height of from 60 to 80 meters above sea level, and will be made of reinforced cement.
2. Three long-barrel cannons, each of which will be placed on one of the bunkers, have recently been brought to the site. They are under a tent which is also being used as a shelter for the gun crew.
